ONE OF OUR LILY FIELDS

Sheffield Bulb Farm

Mr. and Mrs. George Sheffield

Vashon Island

P. O. Burton, Wash.

Members of Vashon Island Lily Growers' Association

BROWNII

One of the finest Lilies in cultivation with immense trumpet-shaped flowers, inside pure white with brown anthers, exterior deep reddish-brown. Stem-roots. June-July. 3 feet. Please do not confuse this very rare Lily with a Chinese variety much inferior. \$3.00 each. \$30.00 doz.

CANDIDUM

(Ascension or Madonna Lily)

Handsome, large, fragrant, pure white flowers. Easy of culture; does best when left undisturbed after planting. Our bulbs are fresh from beds. June-July. Delivered August, September only. Plant Shallow. 4 to 5 feet. 35c each. \$3.50 per doz. \$25.00 per 100.

CHALCEDONICUM

The old scarlet Martagon (Turk's Cap). Nothing is more lovely late in July than a clump of this Lily in flower, with its slender stems, each bearing from 5 to 8 flowers of an intense scarlet hue. July. 3 to 4 feet. Very scarce. \$2.00 each. \$22.00 doz.

DAVURICUM

One of the most reliable and hardy Lilies. The open, vase-shaped flowers vary in color from bright red to yellow, with a variety of shadings, more or less spotted with black, and borne in umbels of 3 to 6 on a 2-foot stem. Makes a very pleasing effect in a bed or among shrubbery. Stem rooting. June-July. 30c each. \$3.00 doz. \$20.00 per 100.

EASTER LILY

Seedling from the beautiful Longiflorum, the Easter Lily of commerce. A grand Lily with pure white funnel-shaped flowers often eight inches long. Hardy here and suitable for gardens. Medium, 30c each, \$3.00 doz., \$20.00 per 100. Large, 50c each, \$5.00 doz., \$20.00 per 100.

ELEGANS IN VARIETY

The number of forms and varieties is legion, varying in color from pale lemon-yellow to rich orange-brown, embracing various tints of orange to almost red and from soft apricot to approaching crimson; varying

SHEFFIELD BULB FARM

also in flowering seaon. Stem roots. June-July. 30c each, \$3.00 doz., \$20.00 per 100.

HENRYI (The orange-yellow speciosum)

Too much cannot be said in praise of this fine Lily; its constitution is of the hardiest; it is very free flower-ing, reaching six or more feet in height when es-tab-lished, and bearing up to 20 flowers, which are of a rich deep orange-yellow, very telling in point of color and well set off by the deep green foliage. The fact that it is seen doing so well in so many gardens shows its sound constitution and good flowering qualities. It is one of the best Lilies ever introduced, and one which we confidently recommend. Stem-rooting. August-September, 6-8 feet. Blooming, 30c each, \$3.00 doz. Large, 50c each, \$5.00 doz. Mammoth, \$1.00 each, \$10.00 doz.

MONADELPHUM SZOVITZIANUM

A very beautiful Turk's Cap Lily, in color a rich straw-yellow, spotted with black; the flowers are large, and are arranged like so many pendulous bells around a graceful stem, which frequently attains a height of 4 to 5 feet with as many as 30 individual flowers on it. One of the earliest Lilies to bloom. Are base-rooting and should be planted about five inches deep. Do not be discouraged by their not showing the first season after planting as it sometimes takes two seasons to be-come established. June. \$1.50 each, \$15.00 doz.

PARDALINUM (Leopard Lily)

This is one of the best Lilies of the garden. It thrives well in any soil, but prefers a well-drained, moist situation. The strong stems are very leafy and produce numerous flowers. The petals are recurved, bright red, shading to orange with many rich, brown spots. Hardy and robust. July. 4 to 5 feet. Base-rooting. 35c each. \$3.50 doz. \$25.00 per 100.

REGALE

One of the most beautiful, and one of the hardest Lilies in cultivation. "Lilium Regale is truly a royal

VASHON ISLAND, BURTON, WASH.

SHEFFIELD BULB FARM

Lily, worthy of a place in every garden; it is a lover of loam and sunshine." A vigorous grower with sturdy stem; 4 to 5 feet high, densely covered with long, linear-lanceolate foliage. Center of flower flushed with yellow, shading to white at the outer edges; externally the flowers are streaked with brown, shaded through the almost translucent petals with a delightfully pearly tint; the contrast between the rich wine color of the reverse of the petals and the gold shading of the throat is extraordinarily beautiful. Very distinct. Thrives in any good rich soil; does well in limestone soil. Stem roots. July flowering. Blooming, 35c each, \$3.50 doz., \$25.00 per 100. Large, 50c each, \$5.00 doz., \$45.00 per 100. Extra Large, 75c each, \$7.50 doz., \$60.00 per 100. Mammoth, \$1.00 each, \$10.00 doz., \$85.00 per 100.

SARGENTIÆ

A magnificent introduction from China, vigorous and floriferous. The flowers are funnel-shaped, milk-white internally with yellow throat, deep reddish-brown externally; delightfully fragrant; on four-foot stem; in the very front rank of hardy Lilies. Also makes a grand pot plant. Flowers about three weeks later than Regale. Readily succeeds in any good rich soil. Stem-roots. July and August flowering. \$1.50 each.

SPECIOSUM MAGNIFICUM

The most magnificent of the Speciosum Lilies both in color, form and size; rich ruby carmine, margined white. August-September. 4-5 feet.

SPECIOSUM MELPOMENE

A darker shade than the preceding.

SPECIOSUM RUBRUM

White, suffused rose-pink in the center and spotted blood red.

All Speciosums, 40c each, \$4.00 per doz., \$30.00 per 100.

TENUIFOLIUM

A small, slender growing Lily, not more than 18 inches high, with bright scarlet flowers. One of the prettiest little Lilies in cultivation. Early June. 12 to 18 inches. 35c each, \$3.50 doz., \$30.00 per 100.

SHEFFIELD BULB FARM

TIGRINUM SPLENDENS (The Tiger Lily)

A large form of the old garden favorite of old-fashioned gardens. The color is orange-red, spotted purple on reflexed petals. Strong and hardy and the latest to bloom of all the Lilies. August-September. 4 to 5 feet. 30c each, \$3.00 doz., \$25.00 per 100.

UMBELLATUM

An early, free-flowering Lily with large umbellate heads of flowers, easily grown. Stem-rooting. June-July. 2 feet. 30c each, \$3.00 doz., \$20.00 per 100.

Erectum—Red petals, flushed orange; very free and vigorous.

Sappho—Orange-red, tips of petals flushed red.

WILLMOTTIÆ

We cannot speak too highly of this beautiful Lily. It has proved to be of strong and vigorous constitution and so freely does it flower that it should find a place in every garden. It grows to a height of 4 feet and bears about 20 flowers on a stem. The flowers are 3 inches across, of a vivid orange-red, the recurved petals are covered with numerous small brown spots. The slender foliage is a deep rich green and the whole plant is of a distinct and graceful habit. Stem-rooting. July-August. 4 feet. Blooming size, \$1.00 each. Large Bulbs, \$2.00 each.

HYACINTHUS CANDICANS

The great summer Hyacinth, a noble plant, quite hardy, suitable either for greenhouse or outdoor cultivation, throwing up in late summer tall spikes 3 to 6 feet high, bearing from 40 to 60 pure white bell-shaped flowers. This grand plant, associated in a bed of choice shrubs makes a splendid contrast. Plant the bulbs in March. It is easy of cultivation. 25c each, \$2.25 doz.

TIGRIDIAS (*Pavonia speciosa*)

Nothing can surpass the gorgeous effectiveness of these summer flowering half hardy plants. The effect when a quantity of bulbs is massed together in a bed or in clumps is not easily forgotten. The bulbs should

SHEFFIELD BULB FARM

be planted in March and lifted in autumn. They are in a sense the flower of the day, but like many other short lived gems they crowd in to that brief period an intensity of brilliance and splendor never attained by any other long-lived flowers. 25c each, \$2.50 doz.

ENGLISH IRISES

These are a fortnight later than the Spanish form of bulbous Irises and produce large flowers of great substance with very rich and striking colors. They are easily cultivated, quite hardy and thrive in ordinary garden soil.

King of the Blues—Splendid deep blue. 25c each, \$2.00 doz.

Mont Blanc—Pure white, large flowers. 25c each, \$2.50 doz.

We ship parcel post prepaid in the Fall.

Candidum August and September.

VASHON ISLAND, BURTON, WASH.

SHEFFIELD BULB FARM

THE LILY includes some most remarkable species, among which are some of the oldest denizens of our gardens. There are few who have not admired the gorgeous beauties of one or another of the many varieties of Lilies that are here enumerated, or who have not been charmed by the stately purity of *L. Candidum* and its sweet odor, or the magnificence of *L. Regale*.

There is no genus of plants better fitted for any garden than the Lily; they can safely be called the noblest of garden flowers; their conspicuous blooms, striking colors and stately forms appeal to the eye.

A REGAL LILY

Our farm is on Vashon Island, one mile from Tacoma ferry landing. You are invited to come and see thousands of Lilies in blossom, during July and August.
